

1911 GOLD ANNOUNCES CLOSING OF NON-BROKERED PRIVATE PLACEMENT LEAD BY ERIC SPROTT

Vancouver, British Columbia, December 27, 2023 – 1911 Gold Corporation ("1911 Gold" or the "Company") (TSXV: AUMB) is pleased to announce that it has closed its previously announced non-brokered private placement (the "Offering"), raising gross proceeds of \$3,900,000, with **Eric Sprott investing \$1,000,000 for a 12.4% ownership position in the Company.**

The Offering was comprised of a combination of: (i) 51,562,500 non-flowthrough units of the Company (the "Units") at \$0.06 per Unit for total proceeds of \$3,093,750, each Unit consisting of one common share of the Company (a "Share") and one warrant (a "Warrant"), with each Warrant exercisable to purchase one common share of the Company (a "Warrant Share") at \$0.10 per Warrant Share for 24 months from the closing date of the Offering; (ii) 2,260,715 flowthrough units of the Company (the "FT Units") at \$0.07 per FT Unit for total proceeds of \$158,250, with each FT Unit comprised of one common share of the Company qualifying as a flow-through share ("FT Share") for purposes of the Income Tax Act (Canada) (the "ITA") and one flow-through warrant (a "FT Warrant") exercisable to purchase one common share of the Company (a "FT Warrant Share") at \$0.10 per FT Warrant Share for 24 months from the closing date of the Offering; and (iii) 6,666,667 units of the Company issuable to residents in Manitoba (the "Manitoba FT Units") at \$0.097 per Manitoba FT Unit for total proceeds of \$648,000, each Manitoba FT Unit comprised of one FT Share and one FT Warrant.

The gross proceeds raised from the Offering will be used by the Company as follows: (i) the aggregate proceeds from the sale of the FT Units and the Manitoba FT Units is expected to be used to fund exploration programs qualifying as "Canadian Exploration Expenses" and "flow-through mining expenditures" (as those terms are defined in the ITA) (the "Qualifying Expenditures") at the Company's flagship Rice Lake property in Manitoba on or before December 31, 2024, and to renounce all the Qualifying Expenditures in favour of the subscribers of the FT Units and Manitoba FT Units with an effective date not later than December 31, 2023, focusing on near-mine target areas (such as the Central Manitoba project); and (ii) the proceeds from the sale of the Units is expected to be used primarily to fund the review and optimization of the National Instrument 43-101 resource report published in 2018 as well as for general corporate purposes.

All securities issued in connection with the Offering are subject to a four-month and one-day hold period in Canada in accordance with applicable Canadian securities laws. The Offering remains subject to the final approval of the TSX Venture Exchange (the "TSXV").

Certain insiders of the Company (within the meaning of the rules and policies of the TSXV) (the "Insiders") have purchased an aggregate of 2,498,750 Units and 475,715 FT Units under the Offering. The Insider's participation in the Offering therefore constitutes a "related-party transaction" within the meaning of TSXV Policy 5.9 and Multilateral Instrument 61-101 – *Protection of Minority Security Holders in Special Transactions* ("MI 61-101"). The Company is relying on exemptions from the formal valuation and minority security holder approval requirements of the related-party rules set out in sections 5.5(a) and 5.7(a) of MI 61-101 as the fair market value of the subject matter of the Offering does not exceed 25% of the market capitalization of the Company. The Company did not file a material change report more than 21 days before the closing of the Offering as the details of the Offering and the participation therein by each "related party" of the Company were not settled until shortly prior to the closing of the Offering, and the Company wished to close the Offering on an expedited basis for sound business reasons.

Eric Sprott through 2176423 Ontario Ltd. ("**2176423**"), a corporation which is beneficially owned by him, acquired 16,666,667 Units under the Offering, accordingly, upon closing of the Offering, Mr. Sprott will beneficially own or control 16,666,667 Shares and 16,666,667 Warrants representing approximately 12.4% of the issued and outstanding common shares of the Company on a non-diluted basis and 22.1% of the issued and outstanding common shares of the Company on a partially diluted basis assuming the exercise

of such warrants. Prior to the Offering, Mr. Sprott did not beneficially own or control any securities of the Company.

Mr. Sprott has agreed not to exercise his warrants until such time as the Company can obtain disinterested shareholder approval of the creation of a new control person, which is required once Mr. Sprott passes the 20% ownership threshold. The Company has agreed to hold a shareholders' special meeting on or before June 30, 2024, at which time such approval will be sought.

The Units acquired by Mr. Sprott are held for investment purposes. Mr. Sprott has a long-term view of the investment and may acquire additional securities including on the open market or through private acquisitions or sell the securities including on the open market or through private dispositions in the future depending on market conditions, reformulation of plans and/or other relevant factors.

A copy of the early warning report with respect to the foregoing will appear on SEDAR+ at www.sedarplus.ca and may also be obtained by calling Mr. Sprott's office at (416) 945-3294 (2176423 Ontario Ltd., 7 King Street East, Suite 1106, Toronto, ON M5C 3C5).
